MEDI LIFE HEALTH CARE

Medilife healthcare group is global organisation specialized in managing day to day medical needs of individuals. Medilife group with chain of clinics, pharmacies, telemedicine, home healthcare, Medical Tourism, Medical evacuation & Air ambulance etc, with its regional offices at London, Australia, India, and having its head quarter at Dubai, UAE.

A group of doctors, scientists and management experts are continuously working to achieve the best out of health care. The main aim of Medilife Team is to simplify the medical needs of each individual with the use of latest digital health care technologies. Medilife's unique operation model "DigiCare" makes life easier through elite health care services to improve life style without compromising the quality.

#### **MEDICAL TOURISM**

Medilife group is partnered with different hospitals, clinics, pharmacies, and diagnostic centers across the world. Medilife take care of all medical tourism needs. Medilife tourism offers high quality services, help to choose the right hospital or doctor, by providing the necessary documentation and health record to the medical expert panel.

#### MEDICAL EVACUATION & AIR AMBULANCE

Patients are shifted from locations to locations with the support of medical experts such as doctors, nurses & paramedics, along with all necessary medical equipment's to ensure the safety and support of the patient for an easy mobilization.

While shifting of the patient by road is impossible or crucial due to patient health condition and time factor, an air ambulance service could be utilized to save time and ensure smooth transfer.

### INTERNATIONAL NETWORK

Medilife has network in 62 countries across the globe and mainly we receive patients from different parts of the world where treatment costs are relatively high and lack of super specialty treatments are there. Mainly we receive patients from Oman, Nigeria, Sudan, Yemen, UAE etc. and send them for quality treatment services to inbound countries and a few of them are mentioned below

- India Pakistan Bangladesh Philippines Egypt
- Palestine Iran Turkey Thailand Malaysia

# Medilife Opens a new door to the world of Digital Healthcare Called "DigiCare"

MEDI LIFE HEALTH CARE

# TELE MEDICINE

Telemedicine application brings your doctor at finger tips with the use of modern telecommunication systems. Through this digital healthcare application the patient can consult doctors located even far from their imaginations. Even a single click can get you a second opinion from an internationally accepted physician. Medilife telemedicine portal and application is well versed in supporting patients through mobile accessibility.

Medilife's skilled medical professionals provide home health-care services including doctor on-call ,skilled nursing care, physical therapy, occupational therapy and speech therapy. Which also include skilled, non-medical care, such as medical social services or assistance with daily living from a highly qualified home health aide. Medilife model of home health care is unique as a care setting not only because the care is provided in the home, but the care itself is "usually less expensive, more convenient, and just as effective" as care given in a hospital or skilled nursing facility.
